8	If you open up the roads you will make Wallington a rat run like it was before the bypass.	4/13/2021 9:02 AM

Q6 Wallington does not have a target for new housing from North Herts District Council, so we don't expect to see mass development. We believe that some limited building is likely to happen within the next 15 years though. Our neighbourhood plan can't prevent building that is allowed under planning law, but it can influence what happens. What's the maximum number of houses that you think it would be reasonable to add to Wallington over the next 15 years? Please tick ONE OPTION ONLY.
